## Pre-Auction Meeting

- Things are on track for a successful auction.
- It is important to bring neighbours and friends to bring attendance at the auction from the 250 range to the 400 range.

## Happy Loonies

- John Barzo - got unfairly razed after explaining that his child learned to “pooh-poooh in the potty”.
- Ben Cole – explained that the rain soaked ground in Orillia made things easier for the Auction sign volunteers.
- Bruce Waite – Bob Brown made the front page of local newspaper during their trip to the Gettysburg region. (I am not clear as to why)
- Pres. Chris – happy that this is the final week for the auction
- Dave North – got razed for the “Live Auction” posters also promising “Live Action”. This caused the discussion to get off topic for a while. Although Dave may be an early entrant in the race for the Special K, the “Live Action” error has occurred before. As I recall, the “Live Auction” ad in the Orillia Today a few years ago had also been incorrectly typed as “Live Action”.

The auction related the following points copied from Pres. Chris’ email from Monday might sum up points at the meeting. (Take note of the meeting today Thursday Oct 26)
